

SANDERLING  
VENTURES

In Memoriam, Robert McNeil (1943-2021)

We would like to inform you of the unfortunate news that one of our senior partners, Bob McNeil, passed away early morning on Friday, July 23, after a battle with cancer. He was at his home in Maine with his family at his side and his passing was peaceful.

Bob founded Sanderling Ventures in 1979 and had served since then as a Managing Director of Sanderling's seven investment partnerships.

As recently as 2 weeks ago, Bob regularly attended all of Sanderling's Investment Committee Meetings as well as his portfolio company board meetings. We will miss Bob's enthusiasm and energy for his companies which he contributed throughout his investing career.

As an active investor, Bob has developed many companies. He is also very well known for his love of the sea and restoration of important historical vessels.

If you have any questions, please feel free to reach out Mariko Matsumoto at: [mmatsumoto@sanderling.com](mailto:mmatsumoto@sanderling.com).

Sincerely,

Fred A. Middleton
